

Plan

- Play the game for 5-10 min
 - Win and lose once
- Document bugs/problems
- Plan specific things to test

Bugs/Problems Report

- 'See All Bots' button doesn't show anything
- Only the losses counter increases even when you win

Test Cases

- Test 'See All Bots' button to make sure it is being hit
 - Error botsArr is not defined
 - `res.status(200).send(botsArr)`
 - botsArr doesn't exist
 - `res.status(200).send(bots)`
 - Switched botsArr to bots and now it shows all the bots
- Test to see what is returned on a win
 - Line 60, on a win losses++ instead of wins++
 - Wins now increments on a win
